## APPEAL IS NOTED IN WYNNE CASE

Att'y Frank Thompson  
Takes Case To U.S.  
Supreme Court

Attorney Frank Thompson will appeal the Wynne case to the highest court in the land—the Supreme Court of the United States. He stated this morning that he intended carrying the appeal up at all odds.

The main fight he will put up will probably be on the question of the jurisdiction of the local Federal Court to try the case. It may be that he will fight to have the case tried in the Territorial courts. The day certain for sentence by Judge Dole was set for Friday of this week, Thompson stating that he intended to leave Saturday for the Coast.

## PRINCE HENRY TAKES FLIGHT IN AIRSHIP

Frederichshafen, Oct. 27.—Prince Henry of Prussia spent several hours in the air today as the guest of Count Zeppelin, who made an ascension in his remodeled airship at a comparatively early hour. Not only did the Prince thoroughly enjoy his experience, but he sat at the steering wheel for many miles of the flight, guiding the movements of the craft and compelling it to execute all kinds of complicated maneuvers.

Prince Henry's satisfaction with the great flight was unbounded, and he gave expression to it in a telegram which he sent to the Emperor:

"Under Zeppelin's guidance I felt just as safe as on my own flagship."

Captain Mischke was also a passenger when the start was made in the direction of Ueberlinger, to the northward of Constance. With Count Zeppelin himself at the wheel the airship rose to an altitude of 600 feet, and, moving rapidly against a strong wind, soon disappeared behind a bank of clouds. Soon messages began to arrive from the towers in the Rhine valley announcing the passage of the airship, but about 2 o'clock in the afternoon a sonorous sound from the sky indicated that the craft was returning. Soon it appeared above the thronged streets of Constance, where the Prince saluted in acknowledgment of the ovation from the cheering crowds below.

After maneuvering about Lake Constance in full view of the city for some time, the airship made its way toward the Swiss frontier, disappearing in the direction of Tyrol. It returned to its moorings about sunset.

It had been originally intended to make a flight of only three hours, and the royal family expected the Prince to lunch at 2 o'clock, but the Prince was so charmed with his successful aerial flight that he extended the cruise until he was driven home by approaching darkness.

In all, the airship carried five men, two of them being mechanics, and after some water ballast had been cast off, the airship rose gracefully and was soon lost in the haze. The correspondent followed it in a racing motor boat, but was unable to keep the airship in sight, as it soon attained a speed of thirty-seven miles an hour. Shortly, however, the airship reappeared above the lake, emerging from a cloud bank like a visitor from an unknown world.

Count Zeppelin evidently wished to show the Prince some maneuvering by the craft, and he descended to about 300 feet from the surface of the water, turning from right to left and from left to right like a well drilled file of soldiers. Then suddenly it mounted a thousand feet and shot into the clouds, only the mighty hum of its propellers indicating the course it had taken.

## LAUKEA SAYS HE PURSUES GAMBLERS

Gives Figures Showing  
Comparative Number  
Of Arrests

"I see that some of the papers in-  
sinnate that the police are not doing  
as much in the line of arresting gam-  
blers as they might," said Sheriff  
laukea this forenoon. "As a matter  
of fact, the place which was indicat-  
ed by one paper as being a gambling  
joint, was raided the night before,  
but as on different occasions differ-  
ent parts of the house are used for  
the games, the officers made a mis-  
take, and broke into the upper part  
while the game appears to have been  
at the time conducted in the cellar."

"I have made a statement compar-  
ing the number of arrests made for  
gambling during the past three  
months with the number made dur-  
ing the corresponding three months  
of last year. It is admitted by ev-  
eryone that Mr. Taylor, who was in  
charge of the detective force last  
year, was a strenuous and efficient of-  
ficer, who did all in his power to  
stamp out gambling, and the figures  
show that Kalakia has made even  
more arrests for gambling."

The statement prepared by the  
Sheriff is as follows:

1907.	Arrests.	Convicts.	Fines.
August .....	88	77	\$ 571.00
September .....	62	56	\$393.30

## MURPHY APPOINTED AS FEDERAL CLERK

Gus Murphy was this morning of-  
ficially appointed Clerk of the United  
States District Court, and he has  
been kept busy all morning receiving  
the congratulations of his many  
friends. Gus is one of the best-liked  
officials in the Federal Service here,  
and there will be few indeed who will  
not be glad to hear of his excellent  
promotion. He will take the oath of  
office on Monday.

Stenographer Deas will probably  
be appointed to succeed him, while  
J. A. Combs will probably come in  
for the stenographer's position.

## HOUSE WORK

Thousands of American women  
in our homes are daily sacrificing  
their lives to duty.

In order to keep the home neat  
and pretty, the children well dressed  
and tidy, women overdo. A female  
weakness or displacement is often  
brought on and they suffer in silence,  
drifting along from bad to worse,  
knowing well that they ought to  
have help to overcome the pains and  
aches which daily make life a burden.

## LYDIA E. PINKHAM'S VEGETABLE COMPOUND

comes as a boon and a blessing,  
as it did to Mrs. F. Ellsworth, of  
Mayville, N. Y., and to Mrs. W. P.  
Boyd, of Beaver Falls, Pa., who say:  
"I was not able to do my own work,  
owing to the female trouble from which  
I suffered. Lydia E. Pinkham's Vege-  
table Compound helped me wonderfully,  
and I am so well that I can do as big a  
day's work as I ever did. I wish every  
sick woman would try it."

## FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pink-  
ham's Vegetable Compound, made  
from roots and herbs, has been the  
standard remedy for female ills,  
and has positively cured thousands of  
women who have been troubled with  
displacements, inflammation, ulcerat-  
ion, fibroid tumors, irregularities,  
periodic pains, backache, that bear-  
ing-down feeling, flatulency, indiges-  
tion, dizziness, or nervous prostration.  
Why don't you try it?

Mrs. Pinkham invites all sick  
women to write her for advice.  
She has guided thousands to  
health. Address, Lynn, Mass.

## Wern-Out For Sale Signs

You See Them in All  
Parts of Honolulu

The Land Is Still On The  
Market

AS YOU TRAVEL around the city  
you frequently see For Sale  
signs on land and houses, with  
the paint washed off and hard to  
read.

These signs are seen chiefly by the  
residents of the neighborhood in  
which the property for sale is locat-  
ed. They pass the sign every day,  
and come to look on them as land-  
marks.

If you want to have people come  
and look at your land, put your sign  
in the Real Estate columns of the  
EVENING BULLETIN.  
The money spent in keeping a sign-  
board in condition for one year would  
sell your land three or four times  
over if properly advertised in a good  
medium like this

## Uniformly Good

THOSE words are quickly read,  
but they mean a lot when ap-  
plied to an automobile. They

don't mean "good this year, bad  
last year, and doubtful next year."

They mean "good every year."  
That's where the

## Stevens - Duryea

stands today. It is one of the best  
today; it was last year, it will be  
next year. It commands a higher  
price second hand than any other  
car. It always did. Among the  
few really high-grade cars now on  
the market, there is not one with  
so uniform a record as the Stevens-  
Duryea. The man who owns a  
Stevens-Duryea has a car with a  
pedigree which is clean strain right  
from the beginning, and such re-  
cords are the best evidence of real  
quality.
